Merit System Policy

"At Flexware, we are committed to cultivating an inclusive environment where every individual, employee, vendor and client alike, is respected for their talents and contributions and valued, regardless of their gender, religious beliefs, ethnic background, or skin color. While being inclusive, we are dedicated to ensuring that, efficient, competent, honest, productive and ethical business practices are the cornerstones of our operations, in order to assure the quality of products and customer service, Flexware management aims to implement a merit system policy for all individuals with this goal in mind."
